

A project in

# SQUARESPACE MANAGEMENT

Pollock Cohen LLP is a New York City law firm specializing in commercial disputes, class action cases, and whistle-blower claims. Pollock Cohen envisioned a website displaying their experience and thought-leadership. Pollock Cohen engaged to get their initial website corrected and re-launched. The new site features strong graphics, user-friendly navigation, and a custom Media page displaying articles authored by the partners. Ongoing Squarespace updates and feature requests are implemented regularly.

**“We used Alex after an earlier experience with another freelancer. It was night and day. Alex listened, was responsive, and wonderfully creative. I would work with him again in a nano-second. Superb!”**

— STEVEN COHEN, POLLOCK COHEN LLP
